

We Won! Stommel Haus UK of Neunkirchen-Seelscheid receives Best of Houzz Awards 2018 Design

Houzz-Community of over 40 million users per month from all over the world rated top professionals in the world of architecture and interior design.

Neunkirchen-Seelscheid, Germany, January 29th, 2018 – **Stommel Haus UK** has been awarded the „Best Of Houzz Design” Award by the leading platform for Home Remodelling and Design. **Stommel Haus UK** was chosen from over a million active experts in the area of interior design, design and architecture by the Houzz community with more than 40 million users per month.

"The Houzz community selected a phenomenal group of Best of Houzz 2018 award winners, so this year's recipients should be very proud," said Marcus Hartwall, Managing Director of Houzz UK and Ireland. "Best of Houzz winners represent some of the most talented and customer-focused professionals in our industry, and we are extremely pleased to give them both this recognition and a platform on which to showcase their expertise."

The Best Of Houzz is awarded annually in three categories: Design, Customer Service and Photography. Design award winners' work was the most popular among the more than 40 million monthly users on Houzz. Customer Service honours are based on several factors, including the number and quality of recent client reviews. Architecture and interior design photographers whose images were most popular are recognised with the Photography award.

A "Best Of Houzz 2018" badge appears on winners' profiles, as a sign of their commitment to excellence. These badges help homeowners identify popular and top-rated home professionals in different locations on Houzz.

Barbara Fischer-Clark, sales agent for Stommel Haus in the UK says: „We are so very proud to receive „Best of Houzz“ Award 2018 which is a great recognition for our work. There is nothing more satisfying than designing and building bespoke homes starting from a thorough briefing to manufacturing, delivering, building and kitting out a high quality home sometimes more than a thousand kilometres from the factory – a both challenging and rewarding exercise. It is great to

see that not only our clients give us an excellent feedback but that millions of Houzz users love our work.

Houzz is increasingly important for our clients to express what they are looking for in their personal idea books and for ourselves to demonstrate what we are capable of. We will carry the “Best of Houzz” award badges with pride.”

About Stommel Haus

Stommel Haus is a premium manufacturer of contemporary bespoke

energy efficient timber houses. With 45 years of experience, the family business proves that with solid timber from certified forests in Europe, sustainable, high quality and very energy efficient houses can be built to almost any design. Nestled in the small town of Neunkirchen-Seelscheid near Cologne, Stommel Haus develops and produces their certified timber houses with high precision CNC machines. The houses are transported on site where they are erected by qualified teams and made wind and water tight typically within 5-7 days. State-of-the art heat pumps and under-floor heating on all storeys are installed. Interior fittings from the best brands are used by qualified German craftsmen to provide the turnkey-finished house.

Stommel Haus® 
Ein Haus wie ein Baum.

Since their foundation over 75 years ago, the Stommel family embraced this wonderful material, building timber houses with an emphasis on ecological and energy efficient building not only enforced by the hard requirements of German energy saving regulations but by the enthusiasm for the natural and healthy material wood used for the benefit of the wellbeing of home owners.
